# Volunteer**HUB**

Simplifying Talent  
Management for the  
Third Sector

# Unlock the Power of Streamlined Volunteer Onboarding and Management

In partnership with [TechForCharities.com](https://www.techforcharities.com), we introduce **Volunteer Hub**, an innovative tool to simplify volunteer talent management for charities. Our team is experienced in building employee onboarding, management, training, and payment systems and is proud to bring this expertise into the third sector.

Volunteer Hub is designed from the ground up to cater to the unique needs and challenges of the third sector. A user-friendly, mobile-first website allows volunteers to interact with your charity and follow a fully configurable and customisable onboarding and training journey.

# Your Path to Efficient Volunteer Onboarding

**Customisable Onboarding Process:** Tailor the onboarding journey to fit your organisation's specific requirements. Define as many stages as needed and collect necessary information and documents effortlessly.

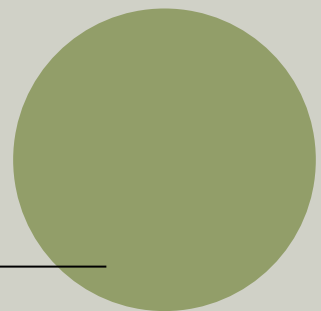

**Document Uploads and Reviews:** Streamline document management with our platform, allowing volunteers to upload necessary documents and enabling your team to review them seamlessly.

**At-a-Glance Dashboards:** Gain valuable insights with dashboards providing real-time data on the total number of volunteers, employees, and active onboarding journeys, enabling informed decision-making

**Automatically Generated Document Packs:** Simplify auditing with automatically generated document packs for your peace of mind.

**Digital Document Signing:** Eliminate manual signatures with support for digital document signing, expediting document processing.

**Email Notifications:** Stay connected with volunteers through automated email notifications, keeping them informed and engaged throughout onboarding.

# Tailoring **VolunteerHub** to Your Needs

At Volunteer Hub, we understand that each third sector organisation has unique requirements, so we've designed our platform with flexibility in mind.

We believe in empowering you to configure and customise your onboarding journey, ensuring that it aligns seamlessly with your charity's mission and operational processes. This flexibility is the cornerstone of Volunteer Hub, allowing you to create a solution that truly fits your needs.

Our team has dedicated years to perfecting employee onboarding, management, training, and payment systems. By choosing Volunteer Hub, you can access this wealth of expertise. We've harnessed our extensive knowledge to create a robust, cost-effective, efficient, intuitive talent management platform for the third sector.

# Pricing that fits your Budget

We offer flexible pricing that caters to your unique needs. Volunteer Hub is designed to reduce administrative costs related to volunteer and employee onboarding and increase the ease at which you deliver your vision.
